

## Handel – Messiah | Bath Choral Society | Bath Abbey | December 2010

Our double CD of Messiah is a live recording of the complete work, compiled from the Choir's Friday and Saturday performances in December 2010. There is a well-established tradition among choirs of omitting some items in order to limit the duration of concerts. This year, however, we made different cuts on Friday and Saturday so that over both nights we performed every recitative, aria, and chorus. The double CD of the complete Messiah is available from March 2011

This year's concerts were special for us as they were our last performances of Messiah under the baton of our Musical Director, Matthew Bale

Profits from the sale of these discs will be used to support "Off the Record", a local charity that offers confidential and independent help and advice to under-25-year-olds who have family, financial, relationship, or any other difficulties.
